BAREFOOT LUXURY

NAY PALAD HIDEAWAY

Traveling around the world with family and friends for years, Bobby Dekeyser, former professional soccer player for Bayern Munich and founder of outdoor furniture brand DEDON, imagined a world of Barefoot Luxury, a philosophy of travel that he passionately wanted to share with the world.

The birthplace of Barefoot Luxury, Nay Palad Hideaway (formerly known as Dedon Island Resort), nestles between ancient mangrove forests and the soft white sands of Siargao, in the Philippines. In easy reach of tropical jungle, underground caves, untouched beaches, deep-sea fishing and the legendary Cloud 9 barreling wave, Nay Palad Hideaway lets you create own rhythm, turning each day into a different story.

Bobby's daughter Carolin recently joined the adventure taking that dream to the next level, creating an experience of hospitality, freedom and beauty that can never truly be described – only shared.

Welcome to the Barefoot state of mind.

ENTER THE BAREFOOT STATE OF MIND

Barefoot luxury is a philosophy of travel our family has been dreaming of and Nay Palad Hideaway is our way of sharing it with you.

It begins when we welcome you at the airport. As our custom-made jeepney, a lounge on wheels, whisks you and your companions across the island, past jungles and villages of easy-going people, always ready with a smile, you begin to sense what our family discovered a long time ago: This is a place like no other.

Passing through the gates of Nay Palad Hideaway, you leave the real world behind. Welcome to the barefoot state of mind. There's no need for a wallet here. No checks are signed.

From now on, every delicacy you desire, every drink you fancy, every massage you need, every adventure you seek, is yours for the asking. There's just one thing we ask in return: Treat this palm-fringed paradise as your home, and let us make your dreams come true.

Bobby Dekeyser

SIARGAO

THE ISLAND AT THE END OF THE WORLD

There are more than 7,000 islands in the Philippine archipelago, but there's nowhere on earth quite like Siargao. A nature lover's dream, this laid-back island, home to the epic **Cloud 9** barreling wave, perches at the edge of Asia, its eastern coast just a few Kilometers shy of the Philippine Deep, a vast ocean trench that is one of the deepest spots on the planet's surface.

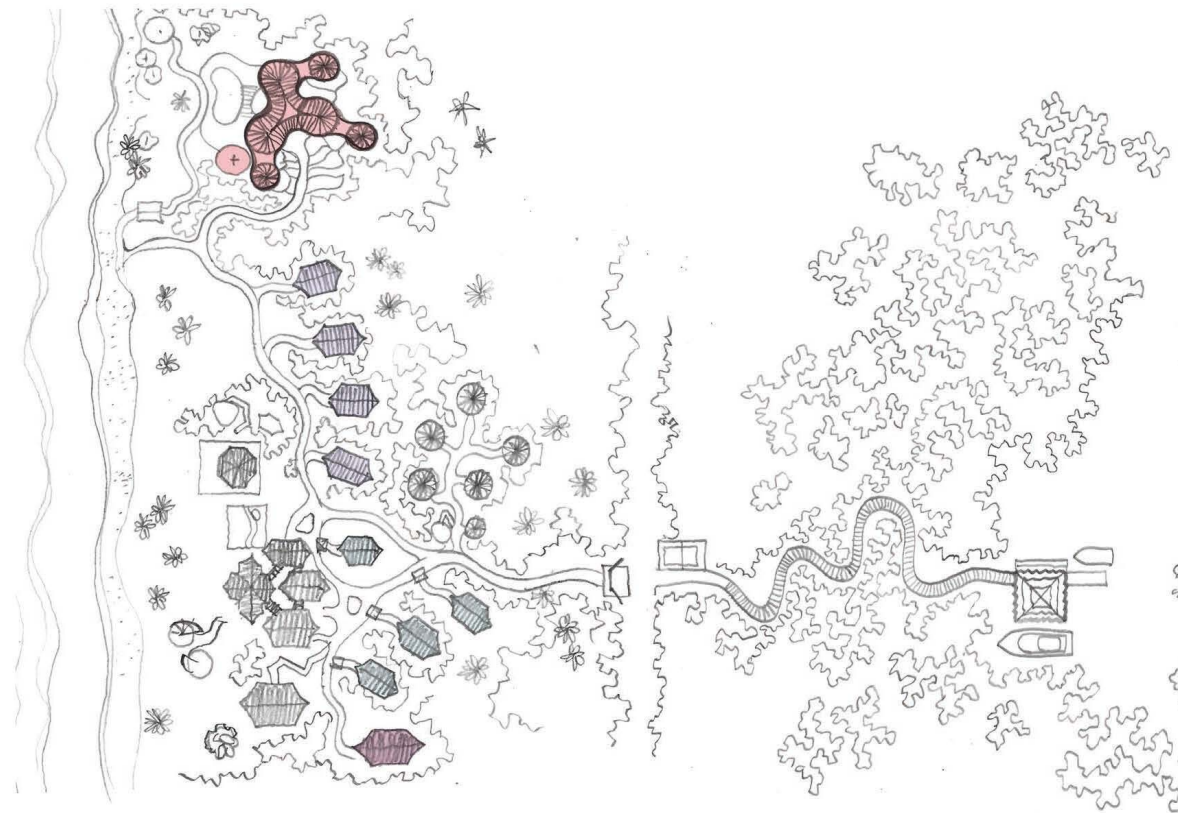

PERLAH VILLA

Enchantment begins before you even set foot in the Perlah Villa. Passing through the private jungle that hides it from view, you find yourself gazing upon an otherworldly structure of circular glass pavilions topped by towering conical roofs. To reach it, you traverse a deck-like wooden bridge that rises progressively over water ponds at different levels.

Architect Daniel Pouzet likens it to approaching a cité lacustre, a village on water. The experience is especially powerful at night, when pond lights shining through aquatic plants create a feeling best described as magic. With breathtaking views out to sea and direct access to the treehouse lounge, the master bedroom fully lives up to its name.
